## Summer Camp

---

Each summer, Yemin Orde hosts at-risk children from Israel for a special summer camp at the Village. Yemin Orde's teens who remain at the Village throughout the summer serve as volunteer helpers at this camp.

This unique camp program brings children from exceptionally challenging home environments to Yemin Orde where they enjoy fresh air, make new friends, and participate in fun and enriching activities.

Serving as volunteers at this camp for underserved children reinforces the important Jewish tenet of *Tikkun Olam* (healing the world) to our youth, which is an important element of the Village Way methodology and is woven into the daily fabric of life at the Village. In addition, Yemin Orde's camp volunteers learn about the personal fulfillment and good will that comes from helping others in need.
